

WP 5 – Task 5.2 Open workshops for SME sector

21.11.2009. Workshop on subsidized production of electricity from renewable energy sources

In the scope of the MESAP fair of agriculture, renewable energy sources and modern construction, on 21st November 2009 REDEA organized a workshop on subsidized production of electricity from renewable energy sources. The workshop was implemented by mr.sc. Zlatko Zmijarević, an expert from Croatian energy regulatory agency.

The full report on the workshop is available at:
