

WP 5 – Task 5.1 RE Course with two levels

REDEA - Call for the expression of interest for online courses on Solar energy and other RES systems

08.03.2010.

One of the key activities of the NIMSEC project is the organization of online courses with the topic of Solar energy and other renewable energy systems in buildings. REDEA calls all the interested persons for the courses from Croatia to apply for the participation. All the necessary information about the courses is available at REDEA's website: http://www.redea.hr/r_index.php?t=sn&id=603
